

The CHATTER June 2024

Birders' Night

Programs at Birders' Night will take a break over the Summer. Look for announcements when it resumes in the Fall.

Membership Committee Chair Still Needed

This is a great opportunity for someone needing to fulfill their volunteer longing requirement. There is a great cadre of seasoned folks who have worked with the membership organizing tasks for quite a while. What is needed is some new blood to get involved with the community, the Member Planet program, and bring some vision to growing the organization. If you are interested in finding out more about this position, please contact ecaudubon@gmail.com and put the word MEMBERSHIP COMMITTEE on the subject line.

Kestrel Camera

The Kestrel Cam has become a Northern Flicker Cam for this season. It is still fun to see the process of feeding those hungry mouths. View it [here](#).

Crooked River Wetlands Walks

Wetlands Walks have resumed. Go to this [link](#) where you will find more details for the guided bird walks at the Wetlands.

Golden Eagle by Amanda

GOOD BIRDING!
